DIGITAL PHOTOGRAPHY EVENING COURSE FOR BEGINNERS.

COST - \$25 PER PERSON, \$15 FOR AN ADDITIONAL FAMILY MEMBER

Evening classes take place at our shop here in Masterton. We explain – where to find the menus; how to set image size and white balance, and many other basic subjects that you need to understand even if you don't make use of them very often.

This course will put you in control of the camera. It will enable you to produce the results you want. We also explain how to file and store your images on your computer, and give you (as part of the course) a software programme to simplify the process.
